

**Creeping Acquisition of CFC  
(U.S. Sellers)**

X and Y, both U.S. corporations, have each owned 50% of the CFCT stock since 1986. Among CFCT's assets are assets the sale of which would generate subpart F income. On December 31, 1994, X sells its CFCT stock to P. On June 30, 1995, Y sells its CFCT stock to P. P makes a section 338 election for CFCT. In both 1994 and 1995, CFCT has subpart F income resulting from operations.

For taxable year 1994, X and Y are U.S. shareholders on the last day of CFCT's taxable year, so pursuant to section 951(a)(1)(A) each must include in income its pro rata share of CFCT's subpart F income for 1994. Because P's holding period in the CFCT stock acquired from X does not begin until January 1, 1995, P is not a U.S. shareholder on the last day of 1994 for purposes of section 951(a)(1)(A) (see §1.951-1(f)). X must then determine the extent to which section 1248 recharacterizes its gain on the sale of CFCT stock as a dividend.

For the short taxable year ending June 30, 1995, Y is considered to own the CFCT stock sold to P at the close of CFCT's acquisition date. Because the acquisition date is the last day of CFCT's taxable year, Y and P are U.S. shareholders on the last day of CFCT's taxable year. Pursuant to section 951(a)(1)(A), each must include its pro rata share of CFCT's subpart F income for the short taxable year ending June 30, 1995. This includes any income generated on the deemed sale of CFCT's assets. Y must then determine the extent to which section 1248 recharacterizes its gain on the sale of the CFCT stock as a dividend, taking into account any increase in CFCT's earnings and profits due to the deemed sale of assets.
