

**Section 351 Exchange
With Constructive Transfer**

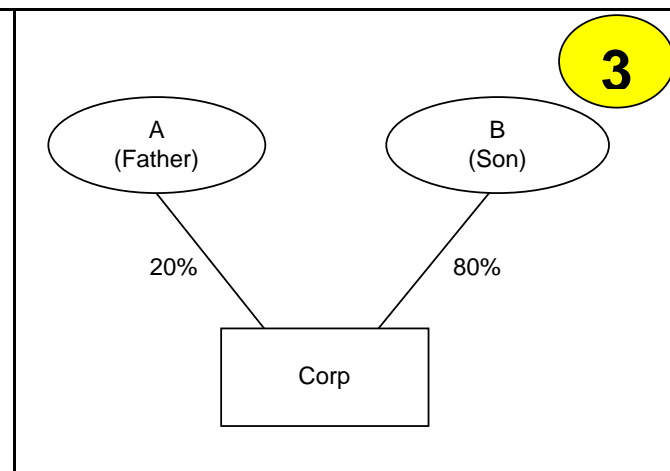

Initial Structure

Contribution / Incorporation

Ending Point

Individuals A and B, father and son, organize a corporation with 100 shares of common stock to which A transfers property worth \$8,000 in exchange for 20 shares of stock, and B transfers property worth \$2,000 in exchange for 80 shares of stock. No gain or loss will be recognized under section 351. However, if it is determined that A in fact made a gift to B, such gift will be subject to tax under section 2501 and following. Similarly, if B had rendered services to A (such services having no relation to the assets transferred or to the business of the corporation) and the disproportion in the amount of stock received constituted the payment of compensation by A to B, B will be taxable upon the fair market value of the 60 shares of stock received as compensation for services rendered, and A will realize gain or loss upon the difference between the basis to him of the 60 shares and their fair market value at the time of the exchange.
